17 October 2025

Dear Year 12 and 13 Families,

Year 12/13 Subject Consultation Evening – Wednesday 5th November

You are now able to make appointments with your son/daughter's subject teachers for our Year 12/13 Subject Consultation Evening which is being held on Wednesday 5th November. The appointments will be online using the Parents' Evening booking system accessed by clicking [here](#). Appointments will be available between 4:30pm and 7:30pm and I have included details of how to book on the next page.

The evening will be an opportunity to discuss your child's progress and the next steps in each of their subjects. It would be beneficial if both you and your son/daughter could attend the meeting so that they are aware of the specific support and guidance. Specifically, teachers will be outlining areas of strength, areas for development and signposting where extra resources are available to support coursework & revision.

The appointment slots are 6 minutes long, with a minute between each one. If you have any issues which require a longer discussion, please let the subject staff member know during the appointment so that a suitable follow-up phone call or meeting can be arranged.

Thank you for your continued support and we look forward to having positive and supportive conversations with you all after half term.

Yours sincerely

Mr C. Blake
Head of Sixth Form

Video Appointments – how do I book?

The booking system will be the same as the normal parent consultation evening system. Appointments can be booked online by visiting <https://clevedonschool.schoolcloud.co.uk> and following the login prompts.

If you are unable to do this, please contact your child's class teacher, who will book the appointment for you. You will receive confirmation of your booking(s) via email. Additionally, teachers may book appointments when there is a need to see you to celebrate success or work together on a way forward to improve the learning outcomes.

Please note: whilst either parent can log in, the name of only one parent is registered as the login details. These are gathered from the information provided by you, as held in our school information system. Full instructions are available on the link below.

Video appointments – what do I need?

In order to make video calls, you need as a minimum, the following software:

- a device with a microphone and speaker/headphones;
- a compatible up-to-date web browser:

iPhone/iPad: Safari **Note: there is a known issue joining video calls using iOS 14.2. Please upgrade any iOS 14.2 devices to iOS 14.3, or use an alternate device.**

Android: Chrome or Firefox

Windows: Chrome, Firefox or Microsoft Edge

Mac: Safari, Chrome or Firefox

Linux: Chrome or Firefox

Suggested hardware:

- Front-facing camera on a smart phone, laptop or computer with a webcam.
- You may get better audio quality by using a headset (or earphones with a microphone) or having a small plug-in speaker

If technology is a barrier to participating in the evening, please speak with Mr Blake.

Please take the time to read the guidance and watch the guidance video, which is available here:
